

# L-3 WESCAM'S TEAM OF AUTHORIZED SERVICE CENTERS

Designed and manufactured in accordance with our ISO 9001:2000 certified quality system, WESCAM has the facilities, staff and supply chain in place to manufacture and support its imaging line, microwave line, and integrated system solutions for the long term.

In conjunction with the establishment of future Service Centers, WESCAM is investing heavily in:

- Equipment & infrastructure for items as MX™ loaner systems, spares inventory, test and diagnostic equipment
- An increased service presence to provide local and in-depth support
- A remote modem diagnostic capability and on-line status reporting for immediate customer support

As a result, WESCAM can ensure faster response and repair turn around times, minimum downtime, maximum operational availability and increased customer satisfaction.

As the company's install base of equipment expands, WESCAM continues to expand its global footprint by partnering with leading service providers to create strategically located WESCAM Authorized Service Centers (WASCs) around the world.
