

EXPANDING CUSTOMER SUPPORT CAPABILITIES INTO AUSTRALIA AND ASIA PACIFIC

Cobham Aviation Services Engineering has been a certified WESCAM Authorised Service Center (WASC) since 1996. Based out of Cairns, Australia, Cobham expanded their service capabilities in 2008 to create a facility that offers MX™-Series customers an enhanced level of service to customers.

Who is Cobham?

Cobham provides specialty aerospace services to large civil, government, defence and commercial organizations in Australia and the Asia Pacific. With an objective of ensuring our customers' mission success, Cobham supports advanced aerospace and defence systems with their comprehensive maintenance network. Several technical and commercial alliances with manufacturers and quality suppliers make Cobham well-placed for providing seamless, cost-effective and timely service support.

Servicing the MX-Series

To provide ongoing maintenance and support for WESCAM's MX-Series turret customers, Cobham recognizes that flexibility is key and having access to the finest mission equipment on a moment's notice enables our customers to dominate tactical intelligence while ensuring maximum effectiveness and cost efficiency.

Cobham provides maintenance and repair capabilities at an Advanced Service level. Upcoming investments in special tooling and test equipment are planned and this growth will offer WESCAM customers an even higher level of comprehensive support.

Cobham's facility offers direct access to local maintenance capabilities, qualified technicians and on-site service, reducing the need for other off-shore support services. With a dedicated and experienced team, extensive equipment maintenance experience and a wide repair network, Cobham's partnership with WESCAM guarantees that our customers are prepared for today's challenges

L-3 WESCAM'S TEAM OF AUTHORISED SERVICE CENTERS

Designed and manufactured in accordance with our ISO 9001:2000 certified quality system, WESCAM has the facilities, staff and supply chain in place to manufacture and support its imaging line, microwave line, and integrated system solutions for the long term.

In conjunction with the establishment of future Service Centers, WESCAM is investing heavily in:

- Equipment & infrastructure for items as MX loaner systems, spares inventory, test and diagnostic equipment
- An increased service presence to provide local and in-depth support
- A remote modem diagnostic capability and on-line status reporting for immediate customer support

As a result, WESCAM can ensure faster response and repair turn around times, minimum downtime, maximum operational availability and increased customer satisfaction.

As the company's install base of equipment expands, WESCAM continues to expand its global footprint by partnering with leading service providers to create strategically located WESCAM Authorized Service Centers (WASCs) around the world.

Cobham is just one of WESCAM's Authorized Service Centers. Others can be found in:

- Abu Dhabi, UAE
- Aranjuez, Spain
- Amman, Jordan
- Burlington, Canada
- Cairns, Australia
- Donauwörth, Germany
- Fort Lauderdale, USA
- Gloucestershire, UK
- Lapalisse, France
- Quito, Ecuador
- Riyadh, Saudi Arabia
- Rome, Italy
- Santa Rosa, USA
- Telford, UK
- Tokyo, Japan
